Counterfeit and Fraud Statement

WDS is committed to ensuring that parts and product sourced from its supply chain for inclusion into the solutions we provide to our customers are original and not imitations. In order to achieve this, WDS will ensure that all items purchased by WDS are purchased directly from the OEM (Original Equipment Manufacturer).

Where this is not possible, we will purchase only from recognized and approved or directed distributors. There will be no procurement from the “grey market”.

The policy review date is 01/Oct/2024
